PART 1

SECTION 1 -INTRODUCTION

Under the authority granted by *The Planning and Development Act, 2007*, the Council of the District of Katepwa, in the Province of Saskatchewan, in open meeting hereby enacts as follows:

1.1 Title

This bylaw shall be known and may be cited as the "Zoning Bylaw" of the District of Katepwa.

1.2 Purpose

The purpose of this Bylaw is to implement the policies in the Calling Lakes District Plan and the District of Katepwa's Official Community Plan and to regulate land use.

1.3 Scope

Development shall hereafter be permitted within the limits of the District of Katepwa only when in conformity with the provisions of this bylaw.

1.4 Severability

If any section, clause, or provision of this bylaw, including anything shown on the Zoning Map, is for any reason declared by a court of competent jurisdiction to be invalid, the same shall not affect the validity of the bylaw as a whole or any part thereof, other than the section, clause or provision, including anything shown on the Zoning Map, so declared to be invalid.

1.5 Interpretation

For the purpose of this Bylaw, words used in the present tense include the future, words used in the singular number include the plural, and words used in the plural include the singular number. The words shall, must or will identify a mandatory action or decision, as the case may be. The words should or may identify a voluntary action or decision, as the case may be. Whether actions or decisions are mandatory or voluntary, the Council may include prerequisites or conditions which must be fulfilled before that action or decision may be taken. The words used and occupied shall include the words intended, arranged or designed to be used or occupied.

For the purpose of this Bylaw, only the Metric System of measurement shall apply. No existing use or building shall be deemed to be non-conforming to the Bylaw regulations by reason only of the conversion of the measurements in this Bylaw from the Imperial System of measurement to the Metric System of measurement where such non-conformity results solely from the conversion and is reasonably equivalent to the Metric System of measurement.

SECTION 2 – DEFINITIONS

 - (i) home offices
- (3) A building permit shall not be issued unless a development permit, where required, has also been issued.
- (4) If the development or use authorized by a development permit is not commenced within six months from the date of its issue, and completed within twenty four months of its issue, the permit is deemed void unless an extension to the period has first been granted. The total time allowed for any or all such extensions shall be no more than one additional year.

3.3 Application for a Development Permit

- (1) The application for a development permit shall be made to the Development Officer, in a

form approved by a resolution of Council. The application shall be accompanied by two copies of a lot or building plan showing dimensions and a site plan showing the locations of existing and proposed buildings and structures as well as lot lines. Where no new construction is proposed the applicant shall supply a written description of the proposed development (e.g. change of use, etc.) in place of such plans.

- (2) Where the application is for a Discretionary Use the applicant shall also provide a written description of the proposed development, describing the intended use and operations, structures to be located on the lot, required municipal services, and any other information that Council determines is necessary to fully review the proposed development.

3.4 Review of Applications and Required Notice

- (1) The Development Officer is responsible for reviewing all applications to ensure that the proposed development complies with all applicable regulations and provisions of this bylaw and the policies contained in the Calling Lakes District Plan and the Official Community Plan.
- (2) The Development Officer and/or Council may refer the application to any internal or external agencies for review and comment prior to making a decision on the application. This includes, but is not limited to, government departments, adjacent municipalities and other internal departments (ie. public works).
- (3) Prior to making a decision on a discretionary use application, Council shall provide notice to the public in the following manner:
 - (a) in the case of a discretionary use application in any residential district, by providing written notice to assessed owners of property within 75 meters of the boundary with the applicant's land that is the subject of the application; and
 - (b) in the case of a discretionary use application in any other zoning district, by providing written notice to assessed owners of property within 75 meters of the boundary with the applicant's land and also either by providing notice in one issue of a newspaper published or circulated in the municipality or by posting a sign on the Lot, in a form and manner which has been previously approved by the Development Officer.
- (4) Where the application is for a discretionary use, the Development Officer shall submit the application, along with all other relevant material to Council for a decision.

3.5 Decision

- (1) Where the application is for a Permitted Use the Development Officer shall, upon completion of the review:
 - (a) issue a development permit where the application conforms to all provisions of this bylaw; or
 - (b) issue the development permit specifying any special regulations or standards to which the development or use must comply, where the class of development or use is subject to special regulations, performance standards or development standards

that are specified in this bylaw; or

- (c) refuse the application where the provisions of this bylaw are not met, indicating to the applicant the reason for the refusal.
- (2) Where the application is for a Discretionary Use the Council shall pass a resolution instructing the Development Officer to either:
- (a) issue a development permit incorporating any special development standards or conditions prescribed by Council in accordance with the provisions of this bylaw; or
 - (b) refuse the application, indicating the reasons for the refusal. (See Section 8.2 of the OCP and 4.12 of this Bylaw for more details)
- (3) Notice of Decision:
- (a) The decision on all applications shall be made in writing to the applicant, in a form as approved by a resolution of Council, by the Development Officer.
 - (b) Every decision shall inform the applicant of any right to appeal the decision.

3.6 Revocation of Decision

Where an approved development is not being developed in accordance with the provisions of this bylaw, or with the standards and conditions specified in the development permit, Council or the Development Officer may revoke or suspend the development permit and may also use the provisions of Section 242 of *the Act* regarding the improper development. The development permit shall not be reissued or reinstated until all deficiencies have been corrected.

3.7 Development Appeals

- (1) A Development Appeals Board of the District of Katepwa shall be appointed in accordance with Part XI, Division 1 of *The Planning and Development Act, 2007*.
- (2) *The Planning and Development Act, 2007* provides the right to appeal a decision made in accordance with the following:
 - (a) Where an application for a permitted use has been refused or deemed refused because a decision has not been made within 40 days after the receipt of the application in its complete and final form.
 - (b) Where an application for a discretionary use has been approved with conditions or standards – the conditions or standards may be appealed.
 - (c) Where an application for a minor variance has been approved with or without conditions or refused.
 - (d) Where an order has been issued to repair or correct contraventions under a Nuisance Bylaw, Property Maintenance Bylaw and/or Zoning Bylaw adopted under *The Municipalities Act* (Sections 364 and 365) or *The Planning and Development Act, 2007* (Section 242)

- (3) Subject to Section 220(1)(d) of *the Act*, a fee as set out in Section 3.8 below, shall be paid where an appeal is made to the Development Appeals Board.

3.8 Application Fees

The fees for the following shall be set by a separate Bylaw and shall apply to the costs for processing applications requesting:

- (1) Amendment of the Calling Lakes District Plan, Official Community Plan or Zoning Bylaw - Where a person requests Council to amend either the District Plan, the Official Community Plan and/or the Zoning Bylaw, that person shall pay to the municipality a fee equal to the costs associated with the public advertisement of the proposed amendment, administering the approval process, and regulating the development.
- (2) Discretionary Uses – As a condition of issuing a Permit for an approved Discretionary Use, the applicant shall pay to the municipality a fee equal to the costs associated with providing notice to the public, administering the approval process, and regulating the development.
- (3) Development Permits - An applicant for the types of development permits listed below shall pay an application fee as approved by a separate Bylaw in accordance with Section 51 of the Act. Those fees shall include, but are not limited to the following:
 - (a) Permitted principal use
 - (b) Permitted accessory use
 - (c) Discretionary principal use
 - (d) Discretionary accessory use

The application fees for a Development Permit shall be in addition to any fees for providing notice to the public as required in clauses (1) and (2).

- (4) Minor Variance - the applicant shall pay to the municipality a fee equal to the costs associated with providing notice to the public, administering the approval process, and regulating the development.

3.9 Minor Variances to the Zoning Bylaw

- (1) Minor Variances are only possible under Section 60 of *the Act* to allow a 10% variance on setbacks for a building from a lot line or from another building on the same lot. Using the procedure outlined in Section 60 of *the Act*, Council hereby approves the use of Minor Variance authority as outlined below.
- (2) Pursuant to Section 60 of *the Act*, Council hereby delegates authority to the Development Officer to receive, process and make decisions on Minor Variance applications in accordance with Section 60 of *the Act*. An application in a form as approved by a resolution of Council may be made to the Development Officer for a minor variance to the zoning bylaw.
- (3) The Development Officer shall maintain a register of all approved minor variance

applications on a form which has been approved by resolution of Council.

3.10 Non –Conforming Buildings, Uses and Sites

- (1) Buildings, uses or sites which existed prior to the approval of this Bylaw and which were allowed by Zoning Bylaw No. 2/06 whether or not listed as Permitted or Discretionary Use under this Bylaw, shall be considered non-conforming buildings, uses and sites. Such buildings, uses and sites shall be allowed to continue only in accordance with Sections 88 to 93 inclusive of the *Act*.
- (2) Where a Principal or Accessory building has been erected on or before the effective date of this bylaw on a lot having less than the minimum frontage or area, or having less than the minimum set-back or side yard or rear yard required by this bylaw, the building may be enlarged, reconstructed, repaired or renovated provided that:
 - (a) the enlargement, reconstruction, repair or renovation does not further reduce the front yard or side yard or rear yard that does not conform to this bylaw;
 - (b) all other applicable provisions of this bylaw are satisfied; and
 - (c) such changes must be approved by the Development Officer responsible for the administration of this bylaw.
- (3) Those sections include details on what restrictions apply to legal non-conforming uses and when their status may end. In this Bylaw, certain other proposed uses or developments which do not currently exist, may also be specifically listed as Prohibited Uses in any or all Zoning Districts.

3.11 General Standards for Discretionary Uses – Residential, Minor Commercial and Institutional Uses

- (1) Council may prescribe specific development standards related to:
 - (a) site drainage of storm water
 - (b) control of noise, glare, dust and odor
 - (c) landscaping, screening, fencing and preservation of existing vegetation
 - (d) intensity of use
 - (e) access and parking locations
- (2) Council will use the following criteria to evaluate discretionary use applications:
 - (a) The proposal meets the policies in the Calling Lakes District Plan
 - (b) The proposal can be serviced by appropriate and necessary infrastructure and utilities
 - (c) The proposal is not detrimental to the health, safety or general welfare of neighbouring properties or the community in general

- (d) The use will not negatively change the character of the immediate area or the use and enjoyment of adjacent lands for their existing use
 - (e) Appropriate access and parking is provided and can be maintained; vehicle access and egress points shall be provided in suitable locations so as to minimize traffic congestion and possible hazards.
 - (f) The site shall be landscaped to maintain the character and amenity of the neighbourhood.
 - (g) Parking, storage and other non-landscaped areas associated with the discretionary use shall be suitably screened from adjacent properties and streets.
 - (h) Adequate receptacles for refuse and litter associated with the discretionary use shall be supplied.
 - (i) No sound, light, glare, heat, dust, or other emission shall be transmitted beyond the lot lines, wherever possible.
- (3) Council may also apply standards and conditions related to: adequate site drainage of storm water; the location of buildings and structures with respect to buildings on adjacent properties.

3.12 Enforcement

- (1) No development shall be carried out in the District of Katepwa that is in contravention of this Bylaw or that has not received approvals where approvals are required.
- (2) Enforcement of this Bylaw shall be as per Section 242 to 245 of *The Planning and Development Act, 2007*.

SECTION 4 - GENERAL REGULATIONS

The following regulations shall apply to all zoning districts in this bylaw:

4.1 Licenses, Permits, and Compliance with Other Bylaws

- (1) Nothing in this bylaw shall exempt any person from complying with the requirements of a building bylaw or any other bylaw in force within the municipality or from obtaining any license, permission, permit, authority or approval required by this or any other bylaw of the municipality. Where provisions in this bylaw conflict with those of any other municipal or provincial requirements, the higher or more stringent regulations shall prevail.
- (2) Permit Forms shall be as approved by a resolution of Council.

4.2 Building Lines

Where a front building line in any district has been established by existing buildings in a block, and is less than the specified front yard requirement, new construction may conform to the established building line provided that Council, by resolution or bylaw, permits conformation to the established building line.

4.3 Frontage for Irregular Lots

- (1) The minimum lot frontage on lots having a curved front lot line shall be measured by a line equal to the minimum lot frontage in that particular Zoning District but located back from and parallel to the midpoint of the chord of the front lot line. For the purpose of this paragraph, the chord of the front line is a straight line joining the two points where the side lot lines intersect the front lot line.
- (2) Non-rectangular lots in new subdivisions are permitted at Council's discretion.
- (3) Distances between lot lines measured at the minimum front yard setback for irregular lots in the applicable zoning district shall not be less than the minimum frontage for rectangular lots in that zoning district.

4.4 Sites Dissected by a Major Road

Where a parcel of land is physically severed as a result of a major road or highway Council may, at their discretion, allow for the separated site to be subdivided and for the subdivided site size to be less than the required minimum site size.

4.5 Number of Principal Buildings on a Lot

- (1) No more than one principal building shall be placed on a lot. Exceptions to this requirement are schools, hospitals, curling and skating rinks, recreation centres, nursing and senior citizen homes, recreation vehicle parks and multiple unit dwellings and condominiums.

4.6 Accessory Buildings

- (1) An accessory building is a detached building including, but not limited to, garages,

boathouses, guest houses and storage sheds (regardless of whether a permit is required for such buildings by this or any other Bylaw of the municipality).

- (2) Unless specified otherwise in the Zoning Bylaw, the size of the accessory building shall be limited to the size of the principal residence or 130 sq. m (1,400 sq. ft), whichever is more.
- (3) Unless specified otherwise in the Zoning Bylaw, lot coverage shall comply with requirements under section 4.21.
- (4) Accessory buildings, other than garages, shall only be allowed in a side or rear yard.
- (5) The maximum height of accessory buildings shall be listed in each district.
- (6) No more than one (1) accessory building or recreation vehicle shall be used as a secondary sleeping accommodations that is incidental and subordinate to the principal building on a lot.

4.7 Building to be Moved

No building, residential or otherwise, shall be moved within or into the District of Katepwa without a development permit to allow for the change in land use from the Development Officer and building permit (if applicable) from the building inspector.

4.8 Grading and Leveling of a Lot

- (1) Any lot proposed for development requires a Development Permit and shall be graded and leveled at the owner's expense to provide for adequate surface drainage, which does not adversely affect adjacent property.
- (2) Excavations leaving exposed vertical walls in excess of one metre (3.28 ft) high will require a development permit.
- (3) All excavations or filling shall be re-vegetated immediately after other construction activities permit, with a suitable ground cover as may be necessary to prevent erosion.
- (4) Where excavation or filling is proposed for any development, development may be restricted. Council may require the developer to provide an impact assessment report carried out by a qualified professional prior to making a decision on the Development Permit Application.
- (5) All vegetation and debris in the area to be re-graded must be removed from the site prior to site grading and leveling.
- (6) All topsoil from an area that is to be re-graded must be stripped, stockpiled, and replaced on the re-graded area, or re-located to a site approved by Council.

4.9 Engineering Analysis Required

If a proposed development is to be located on a lot or lots that are considered hazard lands due to flooding, earth movement or instability, or otherwise unsuitable for development or hazardous for the proposed use such as those located within the ES Overlay District, Council may require that, as a condition of the issuance of the development permit, a geotechnical or drainage assessment must be

completed by a Registered Engineer in the Province of Saskatchewan. The assessment must outline the suitability of the lot or lots for development and specify any remedial measures that may be required to ensure that the natural environment and adjoining properties will not be negatively affected. Remedial measures may be specified as conditions to the issuance of a development permit.

4.10 Building Height

- (1) Unless otherwise specified in a Zoning District or as allowed elsewhere in this Bylaw, a dwelling shall not exceed 10 metres (32.88 ft) in height from the finished grade to the peak or highest point of the roof, whichever is the highest.
- (2) The height limitations of this Bylaw shall not apply to the following:
 - (a) Chimneys;
 - (b) Monuments;
 - (c) Mechanical penthouses and necessary mechanical structures to allow safe occupancy, provided they are erected only to such heights as is necessary, and provided they do not cover more than 10% of the gross roof area upon which they are located.

4.11 Permitted Encroachments

The following projections in yards shall be permitted or are prohibited, as specified below:

- (1) **Front Yards**
The following features may project into a required front yard:
 - (a) Cantilevered construction for bay windows, bow windows, chimney chases, bookcases, built in cabinets, gutters, window sills, canopies, eaves, fire escapes to a maximum projection of 0.6 meters (2 ft);
 - (b) Unenclosed decks no higher than the main floor level, cantilevered balconies, porches and steps without roofs to a maximum projection of 2.4 m (8 ft);
 - (c) No portion of a dwelling, accessory use/building, tree/shrub or fence shall be permitted within a Sight Triangle as defined in this Bylaw.
- (2) **Rear Yards**
The following features may project into a required rear yard:
 - (a) Cantilevered construction for bay windows, bow windows, chimney chases, bookcases, built in cabinets, gutters, window sills, canopies, eaves, and fire escapes to a maximum projection of 0.6 meters (2 ft);
 - (b) Unenclosed decks no higher than the building main floor, cantilevered balconies, porches, and steps to a maximum projection of 2.4 m (8 ft) without roofs.
- (3) **Side Yards**
The following features may project into a required side yard or are prohibited, as specified

below:

- (a) Bay windows, window boxes and sills, belt courses, cornices, eaves, and gutters to a maximum projection of 0.6 meters (2 ft);
 - (b) Cantilevered construction of fire escapes, chimney chases, bow windows, bookcases, built in cabinets, balconies, and canopies to a maximum projection of 0.6 meters (2 ft) provided that the total area of all cantilevered features shall not exceed 2.5 square meters (26.9 sq. ft) per floor level; and shall not be closer than 0.3 m (1 ft) to the property line;
 - (c) Unenclosed decks no higher than 0.6 meters (2 ft) above the finished grade may project to within 0.15 meters (0.5 ft) from the side property line;
 - (d) No projections shall be permitted within a side yard required for vehicular access or parking where any portion of the said projection would be at an elevation lower than 2.4 meters (8 ft) above the finished grade elevation measured at the corresponding side wall of the building;
 - (e) For two unit dwellings, townhouses or multiple unit dwellings, no side yard shall be required on the common wall side of any dwelling unit;
 - (f) Driveways are permitted on the flankage side of corner lots. Garages so accessed must be placed a minimum of 3 meters (10 ft) back of the side lot line;
 - (g) A satellite dish, radio tower or television antenna where attached to a principal dwelling having a maximum horizontal projection of 0.6 meters (2 ft);
 - (h) No portion of a dwelling, accessory use/building, tree/shrub or fence shall be permitted within a Sight Triangle as defined in this Bylaw.
- (4) Setback Variance
- (a) For existing lots less than 30 m (100 ft) in length the front yard setback is reduced to 3m (10 ft) from the front property line.
 - (b) There shall be no new lots of this size.

4.12 Consideration of Rezoning and Discretionary Use Applications

In considering the possible approval of a request for Rezoning or Discretionary use, Council shall consider the following items and may prescribe specific development standards based on those items and any other consideration to minimize land use conflict related to:

- (1) the impact on the municipality's services and the neighbourhood surrounding the proposed lot;
- (2) the nature, size, shape, elevation and surface drainage of the lot;
- (3) the size, shape and arrangement of buildings;

- (4) access and traffic patterns for persons and vehicles;
- (5) type and volume of vehicle traffic;
- (6) off-street parking and loading;
- (7) safeguards to prevent noise, glare, dust and odour;
- (8) landscaping;
- (9) screening and fencing; and
- (10) lighting and signs.

4.13 Bed and Breakfast Homes

Bed and Breakfast Homes, where allowed in a specific zoning district, shall be subject to the following development standards:

- (1) Bed and Breakfast Homes shall be located in a single detached dwelling used as the operator's principal residence;
- (2) Bed and Breakfast Homes shall be licensed by the District of Katepwa and Health District (if required) and meet the requirements of the Fire Commissioner and National Building Code;
- (3) The maximum number of rooms allowed per dwelling shall be based on the provision of adequate parking spots as well as the location and size of the dwelling operating as Bed and Breakfast Home; the maximum number of rooms will be specified by Council as a condition of the development permit;
- (4) Off-street parking spaces shall be provided on site; and
- (5) The size of any sign for a Bed and Breakfast Home shall be specified as part of the conditions in the required Discretionary Use permit.

4.14 Home Based Businesses

Excluding home offices, home based businesses, where allowed in a specific zoning district as an approved Discretionary Use, shall be subject to the following development standards:

- (1) All home based businesses will require a development permit and a business license prior to commencing any business operations;
- (2) Home based businesses shall be located in or carried within the dwelling unit or accessory building on the same lot;
- (3) Home based businesses shall be clearly secondary to the Residential use and shall occupy no more than 25% of the lot;

- (4) The peace, quiet and dignity of the residential neighbourhood shall not be disturbed by dust, noise, by the home based business or accessory equipment;
- (5) Permitted home based businesses may display one (1) fascia sign, not exceeding 0.4 sq. m in area, identifying the name of the home based business. Such sign shall not be illuminated and shall be affixed to the principal building. (**Note:** On multiple unit residential buildings, owner may be required to display a home based business sign and no right to place such a sign in such situations is conveyed in this Bylaw.);
- (6) Other than one permitted business sign, there shall be no exterior display, storage of material, equipment, machinery, highway trailers, trailers, shipping containers or any other deviation from the residential character of the neighbourhood on the subject lot;
- (7) Other than the maximum of one business vehicle which may be stored on the subject lot, there shall be no on-site or street parking of business vehicles used by any non-resident employees; and
- (8) Hours of operation may be specified as a condition for any such approved Discretionary Use.

4.15 Parking and Loading Regulations

When any new development is commenced or when any existing development is enlarged, or use changed, provision shall be made for off-street vehicular parking spaces in accordance with the following standards:

Parking Standards and Number of Spaces Required	
Building or Lot Use	Minimum Parking Spaces Required
Dwellings (all types)	2 spaces per dwelling unit
Community facilities, places of public assembly, intensive recreation uses	2 spaces per 10 seating places for the public or 2 spaces per 10 sq. m of gross floor area used by patrons, whichever is greater
Confectionary stores	1 space per 20 sq. m of gross floor area

4.16 Tower Provisions

- (1) Wind generation towers are prohibited within the District of Katepwa.
- (2) All allowable towers shall be located a minimum of 7.5 meters (25 ft) from the side lot line in the rear yard.
- (3) Towers without an anti-locking climbing device shall be enclosed with a 3.0 meter (10ft) fence.
- (4) No more than two antenna wires, whose height shall conform to the Maximum stated for the zone, shall be permitted.
- (5) Towers and similar structures shall not obstruct air navigation or communication. Council should consult the Canada Department of Communications, Transport Canada, the Saskatchewan Power Corporation or other agencies prior to installation approval.

- (6) Property owners within an area to be determined by Council shall be notified of the applicant's intent to construct a tower.
- (7) Certification of structural safety by a Saskatchewan Professional Engineer, proof of liability insurance and proof of an approved electrical permit (where required) shall accompany applications to erect a tower.
- (8) The maximum allowable height for a tower on residential property not to exceed 6 meters (20 ft).

4.17 Signs

All signs shall be subject to the following regulations:

4.17.1 General

- (1) In addition to signs set out below, temporary signs bearing notice of sale or lease, or other information relating to a temporary condition affecting the property, may also be considered.
- (2) Signs shall not be located in sight triangles for intersections or driveways or in such a manner that they visually obstruct sight triangles or otherwise jeopardize public safety.
- (3) Except as otherwise provided, no sign shall project beyond the property lines of the site to which it pertains.
- (4) Subject to the general provisions governing their location, directional signs providing on-site directions for the convenience and safety of persons using the site shall be permitted.

4.17.2 Application for Permits

- (1) A development permit application is required for a sign. The written application shall be accompanied by plans, specifications, construction details and other information sufficient to inform the Development Officer of the exact nature and location of the intended sign.
- (2) Prior to issuing a development permit for a free standing, projecting or roof sign, the Development Officer may require that the supplementary documentation described in (1) above, contain the professional stamp of a certified professional engineer qualified to certify that the sign design satisfies all relevant legislation, codes and Bylaws.

4.17.3 Portable Signs

- (1) Portable signs intended for rental or lease at more than one site during a one-year period, or located at more than one site during a one-year period must receive development permit approval.
- (2) The development permit will be valid for a time permit of one year.
- (3) A development permit is not transferable from one portable sign to another or from one location to another.

- (4) No portable sign shall have a face greater than 6.0 m²
- (5) No portable sign shall have a height greater than 3.0 meters above grade.
- (6) No portable sign shall occupy any space required for off-street parking unless the site contains off-street parking in excess of that required under this bylaw.
- (7) No portable sign shall be located closer than 10 meters from another portable sign.

4.17.4 Signs in Residential Districts and Urban Holding Districts

- (1) No roof signs shall be permitted
- (2) No illuminated signs shall be permitted
- (3) Signs applying to community service uses must not display advertising of any commercial service or product
- (4) Sign Regulations

Uses	Max. # of Signs	Max Total Sign Face Area (m ²)	Max. # of Free Standing Signs	Max. Height of Free Standing Signs (m)	Maximum Sign Face Area of Free Standing Signs (m ²)	
					Per Face	Total
All permitted principal residential uses	1	0.4	0	n/a	n/a	n/a
All permitted community service uses	2	10	1	3	2.5	5

4.17.5 Signs in Commercial Districts

- (1) No roof signs shall be permitted
- (2) Illuminated signs shall have a steady internal light source or a steady external light source shielded so that the light is directed only at the face of the sign
- (3) Sign Regulations

Uses	Max. # of Signs	Max Total Sign Face Area (m ²)	Max. # of Free Standing Signs	Max. Height of Free Standing Signs (m)	Maximum Sign Face Area of Free Standing Signs (m ²)	
					Per Face	Total
All permitted commercial uses	2	18	1	6	6	12
All permitted community service uses	2	10	1	3	2.5	5

4.17.6 Denying or Revoking Permits

- (1) The Development Officer may deny or revoke a permit for any of the following reasons:
 - (a) erection of the sign has not commenced within three months from the date of issue of the permit;
 - (b) the sign does not conform to all relevant provisions of this Bylaw;
 - (c) the sign being constructed or erected does not conform to the approved drawings; and/or
 - (d) the sign is not in a proper state of repair.

4.18 Campgrounds

- (1) The operator of a campground shall provide the development officer with a plan of the campground, identifying any buildings, uses of land and the location of all roadways and trailer coach or tent campsites with dimensions. The addition or rearrangement of campsites, the construction or moving of buildings, the material change in use of portions of the land, or the filling or clearing of land shall require a development permit and the operator shall submit for approval an amended plan incorporating the development.
- (2) The gross densities shall not exceed 10 campsites per hectare (8 per acre)
- (3) Potable water supply and sewage disposal systems shall be provided and satisfy municipal and provincial standards including the Public Health Act.
- (4) Areas for common shoreline access and playgrounds shall be provided by the developer, where feasible.
- (5) Recreational service facilities shall be located at least 15 m (49 ft) from the lakeshore, according to provincial agencies.
- (6) Road access to campsite facilities shall be designed so as to not obstruct the safe flow of traffic along major roads or highways
- (7) A campground shall have within its boundaries a buffer area abutting the boundary of not less than 4.5 meters which shall contain no buildings.
- (8) The operator of a campground shall designate a campsite for each trailer coach or tent party, which shall be less than 150 square meters in area with its corners clearly marked.
- (9) No portion of any campsite shall be located within a roadway or require buffer area.
- (10) Each trailer coach shall be located at least 4.5 meters from any other trailer coach and each campsite shall have dimensions sufficient to allow such location of trailer coaches.
- (11) The space provided for roadways within a campground shall be at least 7.5 meters in width. No portion of any campsite, other use or structure shall be located in any roadway.

- (12) No trailer coach shall be stored on any campsite when the campground is not open.
- (13) Each campsite shall have direct and convenient access to a developed roadway, which is not located in any required buffer area.
- (14) A campground may include as ancillary uses such as a Laundromat or a confectionary designed to meet the needs of the occupants of the campsites, and one single detached dwelling for the accommodation of the operator.

4.19 Septic Tank

- (1) All septic tank installations will require a development permit and shall meet the following minimum setback requirements:

Boundary from:	Setback
Basement wall	1.0 m (3 ft)
Any large tree	3.0 m (10 ft)
Property boundary	3.0 m (10 ft)
Walk or driveway	1.5 m (5 ft)
Any cut or embankment	3.0 m (10 ft)
Water well	9.0 m (30 ft)
Water course	9.0 m (30 ft)

- (4) All septic tanks shall not be on a road allowance, municipal reserve land, or neighbouring property. Septic tanks must be on property owner's lot.

4.20 Swimming Pool

- (1) All development permit applications for a swimming pool shall be supplemented with a geotechnical report which indicates conditions for developments. These conditions may be used as conditions of the development permit approval.
- (2) All development permit applications for a swimming pool shall include the swimming pool size and location.
- (3) All swimming pools shall be fenced; a cross-section of the fence shall be included in the development permit application. Every owner shall ensure the fence meets the following requirements:
 - (a) it is erected prior to the swimming pool being filled with water;
 - (b) it has a height of 1.8 meters (6 ft), including the gate.
 - (c) the gate shall have a locking device
- (4) Every owner shall ensure the following equipment is present at the swimming pool at all times:
 - (a) a reaching pole that measure at least half the width of the pool in length

- (b) a first aid kit
 - (c) a buoy and rope that measure at least the full width of the pool in length.
- (5) The drainage system for the swimming pool shall comply with the following:
- (a) discharge systems shall meet municipal requirements
 - (b) all relevant legislation governing plumbing and drainage shall be adhered to
 - (c) no person shall drain the water from a swimming pool into any private or public property including a street, lane or walkway.

4.21 Lot Coverage and Landscaping

- (1) Unless specified otherwise in the Zoning Bylaw, the total building coverage of a residential lot shall be equal to or less than 50% of the lot area.
- (2) A minimum of 30% of a residential lot shall be green space or xeriscaped with a permeable surface.
- (3) Developers and lot owners should practice landscaping strategies that use native species to reduce irrigation needs.
- (4) Landscaping or structures of any kind shall not obstruct vehicular or pedestrian travel along the sidewalk or street.

4.22 Guest Cottage/Mobile Home/Travel Trailer

- (1) Shall only be allowed on a lot with an existing, habitable principal dwelling on it;
- (2) Shall be designed for the exclusive use of guests of the owner of the principal dwelling during week-ends or vacation periods and not for year-round or permanent occupation;
- (3) Shall be used for accessory sleeping purposes only;
- (4) May contain a toilet and shower facility which is separate from the principal dwelling on the same lot, but this facility may only be connected to the sewage disposal system of that dwelling when the proposed connection has first been approved by the Health District;
- (5) Shall not contain any cooking facilities (ie. stove, oven, etc.);
- (6) Shall have a minimum required floor area of 11 sq. m (118 sq. ft) and a maximum floor area of 65 sq. m (700 sq. ft); and
- (7) A guest house shall not be used as a rental suite.

SECTION 5 - ZONING DISTRICTS AND ZONING MAP

- (1) For the purposes of this Bylaw, the District of Katepwa is divided into the following Zoning Districts and Special Regulatory District which may be referred to by the appropriate symbol:

<u>Zoning District</u>	<u>Symbol</u>
Lakeshore Residential District	LS
Resort Recreational District	R/R
Country Residential District	CR
Resort Commercial District	RC
High Density Residential District	HDR
Urban Holding District	UH
Environmentally Sensitive Overlay District	ES

- (2) The locations and boundaries of the zoning districts are shown on the Zoning District Map.
- (3) The map bearing the statements “This is the Zoning District Map referred to in the Zoning Bylaw” shall be adopted by the District of Katepwa and signed by the Mayor and the Chief Administrative Officer under the Seal of the District of Katepwa and shall be known as the “Zoning District Map” and such map is hereby declared to be an integral part of this bylaw.

SECTION 5.1: LS – LAKESHORE RESIDENTIAL DISTRICT LOW DENSITY

5.1.1 INTENT:

To accommodate the development of low density residential uses at appropriate lakeshore locations in the District of Katepwa taking into consideration regard for flood and slump hazards, servicing, land use compatibility, and protection of the environment.

5.1.2 PERMITTED USES

Subject to regulations of this Bylaw, the following uses are permitted in this zoning district:

- (1) Principal Residential Uses:
 - (a) Single detached dwellings
 - (b) Modular dwellings
 - (c) Ready to Move (RTM) dwellings
- (2) Service, recreational and Institutional Principal uses including but not limited to:
 - (a) Municipal offices and facilities
 - (b) Public parks, playgrounds, and day use picnic areas
 - (c) Recreational Vehicle
- (3) Accessory uses and buildings
 - (a) Single story accessory buildings to a maximum height of 5 m (16ft)
 - (b) Accessory structures (including, but not limited to a private swimming pool with the required safety fencing)
 - (c) Public Utilities excluding Service Utilities
 - (d) Septic Tank
 - (e) Guest Cottage
 - (f) One accessory use or building constructed of a fabric material

5.1.3 DISCRETIONARY USES

Subject to regulations of this Bylaw, the following uses are Discretionary in this zoning district:

- (1) Bed-and-breakfast home
- (2) Day Care Home
- (3) Home based businesses
- (4) Mobile Homes anchored on a permanent concrete foundation.
- (5) Shipping Containers which are aesthetically modified and used for storage only
- (6) Two story accessory buildings to a maximum height of 7 m (23ft)

5.1.4 PROHIBITED USES

The following uses are specifically listed as prohibited in this zoning district:

- (1) Wind Turbines
- (2) Grading and Leveling of sites independent of construction.
- (3) Dwelling Group

5.1.5 DISTRICT REGULATIONS

(1) Sites and uses in this zoning district shall comply with the following minimum setbacks:

Use	Minimum Site Size (m ²)	Minimum Site Frontage (m)	Front Yard Setback (m)	Rear Yard Setback (m)	Side Yard Setback (m)*
Dwelling	900 (9688 ft)	20 (65 ft)	6 (20ft)	6 (20 ft)	2.4 (8ft)
All other uses	464.5 (4999.8ft)	15 (49.2 ft)			
Sundeck (no roof)			6 (20ft)	1.5 (5ft)	2.4 (8 ft)
Enclosed Sundeck			6 (20 ft)	6 (20 ft)	2.4 (8 ft)
Garage	n/a	n/a	3 (10ft)	3 (10ft)	1 (3.28 ft); 3 (10 ft) if vehicle access is required from the side yard
Accessory Buildings	n/a	n/a	3 (10ft)	3 (10ft)	1 (3.28 ft)

* Setbacks may be reduced after consultation with the building inspector.

(1.1) Rear yard setbacks may be reduced at the discretion of Council considering the following:

- (a) The rear yard abuts and is separated from the lake by dedicated land or a municipal right-of-way;
- (b) The proposed development will not be located in a flood hazard area; and
- (c) A lesser rear yard setback will not negatively impact the specific use, surrounding development, lake or shoreline. Prior to granting a reduction, Council may consult with appropriate agencies and require professional analysis to assess impacts and development suitability. Remedial measures may be specified as conditions of development.

(2) The required minimum floor area for all principal residences shall be 65 square meters (700 sq. ft)

(3) Accessory buildings shall comply with Section 4.6 of this Bylaw.

(4) The required minimum floor area for all principal residences shall be 65 square meters (700 sq. ft)

(5) Where existing non-conforming lots are being consolidated or re-subdivided, the minimum frontage may be reduced to 60 ft. (see illustration in Figure 5.1)

Figure 5.1

5.1.6 CRITERIA AND STANDARDS FOR DISCRETIONARY USES

(1) Dwelling Group

- (a) The development shall be serviced by adequate transportation and utility services.
- (b) The design of the development shall take into consideration the provision of snow removal, school bus and emergency vehicle access and egress
- (c) There shall be at least one parking spot designated per unit.

(2) Day Care Centers and Homes

- (a) A home or center must meet the provincial requirements as established in *The Child Care Regulations, 2001*.

(3) Access

- (a) All uses shall provide adequate on-site parking and safe access and egress to the site.

(4) Two-story Accessory Buildings

- (a) The maximum height shall be measured from the average grade at the perimeter of the building to the ridge of the roof.
- (b) Council shall consider whether the building will unduly block the view of the lake for neighbouring properties.
- (c) There will be no consideration for any accessory building in excess of the maximum height requirement.

5.1.7 CRITERIA AND STANDARDS FOR RECREATION VEHICLE

(1) Criteria and Standards

- (a) A limit of one (1) recreation vehicle may be kept on a lot if a principal building has been established and when the lot contains no more than three (3) accessory buildings.

- (b) Recreation vehicle shall not be used as a rental suite.
- (c) The facilities and amenities of the principal building on the lot shall be available at all times for the use of the occupants of the recreation vehicle.
- (d) No recreation vehicle shall be connected to any piped water supply or waste disposal system, whether or not that system serves the existing principal building on the lot.
